Project Safety Review Form

Reference Number: APCF2017104

Date Received from Department: 2017-12-01

Target Review Completion Date: 2017-12-15

Department: APCF

Anticipated Location (Room Numbers): N/A

Extension: 8704

Name of Researcher: Han ZHU

Name of Supervisor: Prof Zhenguo WU

Project Title: To study differentiation, cell proliferation and signaling events in muscle injury and regeneration

Area	Comment	Department Response
Occupational Hygiene	Name Signature Date Pak IP	
	-All drug administration must be performed in fume hood or BSC. Wear appropriate gloves and safety glasses. Take special precaution to avoid needle stick injury. -Animal bedding contaminated with Tamoxifen metabolites must be treated as hazardous wastes. Dispose animal carcasses as clinical wastes. -Follow established procedures for handling Tamoxifen and cytotoxic drugs.
